

100kWh IP66 Battery Cabinet for Schools

This industrial and commercial battery storage system is the ideal compact solution for your battery projects to work alongside solar PV, EV chargers and back up power requirements.

High-capacity 100KWh air-cooled and liquid-cooled energy storage cabinet with modular design for industrial and commercial applications, ensuring efficiency and security.

As the leading vertically integrated manufacturer of lithium iron phosphate battery systems, GSL ENERGY has provided various battery solutions for nearly all kinds of ESS applications.

50kW/100kWh Outdoor All-in-one PCS (Power Conversion System) Energy Storage Cabinet. Designed for small and medium-sized businesses, such as garden centres, farm shops, schools, zoos, pubs, ...

The MEG 100kW x 215kWh Cabinet is engineered as a modular energy storage building block, ideal for commercial facilities, microgrids, and community-scale projects.

This energy storage cabinet boasts an advanced All-in-One integrated technology, seamlessly combining PCs, inverters, Battery Management System (BMS), and Energy Management System ...

The Air-Cooled 100KWh Outdoor Cabinet Series C& I Energy Storage System features an integrated design that combines batteries, BMS, EMS, modular inverter, and fire protection system into one ...

The modular battery cabinet design allows flexible capacity expansion with convenient installation and maintenance. The cabinet integrates a dual cooling system with fans and air conditioning.

The 100 kWh battery storage is the ideal backup power solution for factories, schools, and shopping malls. Operators can monitor the system's operational status in real time through an intelligent platform.

Intelligent BMS, providing complete protection. Support high discharge power, IP55, natural cooling, wide temperature range: -20°C to 55°C. Modular design, easy to expand. Suited to residential and ...
