

Constant Temperature and Humidity Type Cabinets for Highway Use

Climatest Symor™; Temperature Humidity Chamber capacity ranges from 50L to 1000L, Temperature Range: 0°C to +100°C. Humidity range: max. 20% to 98% RH. We also provide customized chambers to meet individual ...

Our climate controlled storage cabinets deliver stable temperature and humidity, so rubber, polymer, and composite materials age slower, inspections pass more often, and field crews stay ready.

With this cabinet, your valuables stay in a stable, well-balanced condition, ensuring they remain in their best state for years to come. The dual-pane tempered glass door features an airtight seal and UV ...

Whether your testing is for R& D, shelf life, accelerated aging or steady-state testing, our constant climate chambers provide a stable, temperature/humidity conditioned environment for worry-free operation with a ...

The lineup consists of six models, with two size variations, 105 liters and 206 liters, and four temperature/humidity ranges, to accommodate your needs.

The SIMN XHH Series represents the pinnacle of precision environmental control technology, combining advanced temperature regulation with intelligent humidity management in a compact cabinet design.

The six-model lineup includes 105- and 206-liter models available in four temperature (humidity) ranges and two sizes. All models support a single phase power...

What is a constant climate chamber? A constant climate chamber, also known as a climate cabinet or climate chamber, is a unit used to simulate certain environmental conditions (temperature and relative humidity).

High performance and reliability come in a compact package, for a wide range of temperature/humidity testing needs. Continuous improvement in the design of constant-temperature (and humidity) cabinets now with ...

Designed to meet the demanding requirements for precise humidity and stability, Advanced engineered design incorporates the latest in cabinet, refrigeration, temperature control and monitoring features.
