

Distributor of 48V Lithium Battery Cabinets for Data Centers

Crafted with LiFePO₄ chemistry, it meets top international safety standards, offering a secure and reliable power source. Its modular design supports up to 32 batteries, featuring a built-in pre-charge ...

WattCycle 48V 100Ah 3U rack lithium battery can be easily expanded to 20 batteries (automatic addressing). Seamless insertion into the 3U rack makes it simple and convenient.

Integrated with a state-of-the-art Battery Management System (BMS), this system boasts a robust total capacity of 48V 600Ah, ingeniously designed to effortlessly fit into standard rack cabinets.

EverExceed Rack & Cabinet solutions provide secure and organized housing for servers, UPS, and telecom equipment in data centers and industrial sites.

Say goodbye to the inconvenience of constant recharges or complex, space-eating wiring schemes. As a single 48V unit, installation is effortless and operation is streamlined. Level up to premium LiTime ...

Built with lithium-ion batteries, it offers longer performance and more cycles than VRLA batteries. With a fully loaded cabinet shipped to your location and no onsite wiring needed, it saves on deployment ...

Modular racks scalable with 30% higher energy density, ensuring seamless integration with solar arrays and hybrid inverters. Ideal for factories, data centers, and microgrids requiring resilient, expandable ...

Vanguard Commercial Power dealers are certified and specialize in selling and servicing our different power products. Find the right dealer for all your commercial battery needs. We're your best choice ...

This lithium battery solution is perfect for battery backup power, off grid power, peak shaving and load sharing for industrial applications such as data center, telecom and enterprise level office applications.
