

# EU Outdoor Battery Cabinet BESS

What is a Bess battery?

The small BESS series is a fully integrated battery energy storage system that's built to last. The Series is both scalable and engineered for modularity with a low MTTR, making it ideal for medium renewable energy projects. It offers flexible and scalable designs for various applications, whether you need a small or medium energy storage solution.

What is a small BESs cabinet?

Small BESS Cabinets The small BESS series is a fully integrated battery energy storage system that's built to last. The Series is both scalable and engineered for modularity with a low MTTR, making it ideal for medium renewable energy projects.

What are the different types of Bess cabinets?

Our BESS is modular, which means you can mix and match cabinets to suit your system requirements. Plus, it comes in two variants, AC Single Bay and AC Dual Bay. Medium BESS Cabinets The medium series battery energy storage system is designed with versatility and scalability in mind.

Are battery energy storage systems the answer to energy security and competitiveness?

One thing is certain, battery energy storage systems - from residential to commercial & industrial (C&I) to utility-scale - are the absolute short cut to delivering the flexible, electrified energy system that is foundational to EU energy security and competitiveness goals.
