Should state energy policies be reformed to support Microgrid technology?

The trade industry group Think Microgrid has issued a new report ranking states for their support of microgrid technology. The group says that legacy state energy policies must be reformed in order for the microgrid industry to move ahead.

Will a new microgrid help a community center?

The city of Fort Collins, Colorado has deployed a new microgrid on a community center. It will provide resilience in emergencies, aid in carbon reduction and provide grid services to the municipal utility. UL Solutions is a proud supporter of the 2023 Renewable Energy Grid Integration Week.

What is microgrid knowledge Conference 2024?

Microgrid Knowledge (MGK) Conference 2024 is the intersection of education, advocacy and collaboration on the mission-critical pathway to NetZero unity. Join us and say hi to the HOMER Software team on the show floor at booth #507 to learn all about what's new with HOMER Pro, HOMER Grid and HOMER Front.

What is a Caribbean microgrid?

An award-winning Caribbean microgrid is engineered for extreme weather conditions- such as hurricanes - and corrosion, from proximity to the sea. The Rocky Mountain Institute has published best practices for design of solar arrays in hurricane prone areas. Join us at RE+2024 in Anaheim, California from September 9-12, 2024.
