

New Zealand three-phase bidirectional inverter manufacturer

At New Zealand Power, we offer the best solar inverter range in New Zealand. All our products are made by leading manufacturers and have features suitable for our climate.

Available from 3 to 10 kW in both the single phase "Primo" and three phase "Symo". Being such a highly efficient AC-coupled inverter, we often also spec one in a larger off-grid system where there are ...

The INGECON SUN STORAGE 3Power C Series inverter features an innovative control unit that performs a more efficient and sophisticated inverter control, as it uses a last-generation digital signal ...

For installers, that complexity means longer site time, higher risk of post-installation issues, and coordination across multiple manufacturers. The Pylontech Force H3X solves this with complete ...

The GoodWe Smart DT series of inverters is specially designed for three-phase rooftop systems, the power range of 12kW, 15kW, 17KW and 20kW are ideal for small commercial usage.

A solar inverter converts the energy output from solar panels into a usable electricity form, to be used in your home or business. Our range includes grid-tied, hybrid and off-grid inverters.

Power Electronics supplies New Zealand with electronic motor control products - variable speed drives and soft starters, plus power quality, solar, energy storage inverters and EV chargers.

GoodWe is a global leading, strategic thinking brand focused on research and manufacturing of PV inverters and energy storage solutions, with an accumulative installation of 16 GW installed in more ...

Sunny Tripower NZ High Commission Residence - Nuku'alofa - Kingdom of Tonga Sylvia Park Shopping Centre - 5 Solar Systems - Auckland Lincoln University - Waimarie Building Solar - Canterbury ...

The new Fronius inverter generation, the SnapINverters, feature a flexible system design, simple installation and integrated data communication. These inverters fit perfectly for each and every ...
