

# Solar glass rolling

QYD Group is specialized in researching and manufacturing solar glass and pattern glass rolling machine, engraving roller and annealing lerh roller with the competitive price.

New generation of RUREX machines for solar-, ornament- and wired glass. Frequency controlled gears. Synchronisation of main rollers. Maintenance free bearings. Wire unwinder system with magnetic ...

Equipment for Flat Glass Production, Sheet glass drawing machines, FOURCAULT system and PITTSBURGH system for drawing flat glass in all required glass band widths.

The machine produces solar glass at a gross width of 3400mm, and is designed to manufacture 275/tpd, from a 1000/tpd furnace (one of four production lines). Two further machines are also installed, each ...

Our glass rolling machines are of the modern generation for solar, wired, and patterned glass. We can customize the dimension according to customers requirements, width from 1600mm to ...

The challenge was integrating a new rolling machine into the existing line with minimum production downtime. Fives" expertise in PV glass equipment allowed the machine to be seamlessly ...

We can offer services of roller refurbishment, our roller refurbishing services could work world widely, and to produce new rollers.

RUREX is active in the engineering and machine construction for the glass industry since 1949.
