

The truth about free photovoltaic panel installation

Explore the truth behind "free" solar panel offers. Learn about leases, PPAs, and how to identify genuine deals versus misleading promotions.

Wondering if free solar panel programs are legit? Learn what getting "free" solar panels really means and how it might cost you in the long run.

In this post, we'll break down why some companies claim that solar is "free," what they really mean by it, and how to approach solar with a clear, informed perspective. How Do Companies ...

There's no such thing as free solar panels or free government solar programs. Most "free" offers are actually leases, power purchase agreements, loans or scams.

Riding this historic trend, some are even claiming they can bring you in on a deal of lifetime: free solar panels. Sound too good to be true? That is probably because it very well may be. ...

While financing options like these can make solar panels more accessible, claiming that they're entirely free is a bit of an exaggeration. These agreements can, in some cases, help you save ...

If you've ever wondered if "free" solar panels are actually free, this guide is for you.

Here's the reality: "Free solar" typically means solar with no upfront cost--not solar you'll never pay for. These offers often refer to solar leases or power purchase agreements (PPAs), ...

The Energy Department and the Solar Energy Technologies Office have warned consumers about this type of online scam involving solar panels. We rate this claim False.

Let's cut through the sales pitch: free photovoltaic panel installations aren't truly free. These programs typically operate through roof leasing agreements where companies install solar equipment at no ...
