

# Uninterruptible power supply costs in London

Covering London, we provide backup power systems throughout the UK to a wide range of industries, including data centres, public buildings, hospitals, healthcare facilities, telecoms, broadcasting, ...

All our UPS systems contain a battery that guarantees power to your computer system for a certain period of time, creating an extended run long enough to shutdown software or for saving the current ...

Discover our uninterruptible power supplies (UPS), diesel generators, and UPS batteries, maintenance, commissioning and installation here.

Source UPS systems and uninterruptible power supplies from verified London electrical distributors. Get standby, line-interactive, and online double-conversion UPS for data centres, servers, medical ...

Transformerless and Transformer-Based Ups Systems  
Electrical Installations  
Ups Battery Runtime Options  
Ups Maintenance Contracts  
UPS battery runtime is dependent upon several factors including load size, battery charge percentage, battery age and ambient temperature. Our project managers can provide a calculated battery back-up time for your load and UPS system. The standard UPS battery is a valve regulated lead acid (VRLA) type with options for lithium-ion batteries availab...
